Dear Tom:

Thank you so much for your participation in the 15th Annual Steak & Burger Dinner benefiting the Boys & Girls Clubs of Greater Houston, Inc and WB39 Cares for Kids. We were extremely pleased to have over 400 people in attendance. With your help, we raised approximately \$250,000 that night!

Donations from the dinner will help the Boys & Girls Clubs of Greater Houston and the WB39 Cares for Kids, a fund of the McCormick Tribune Foundation, serve at-risk youth in our city. We are happy to report that the Foundation will match the WB39 Cares for Kids share of the event revenue at a significant percentage, increasing the amount of money available to support such agencies as the Boys & Girls Clubs and other non-profits in Houston committed to helping under-served children in the Houston community.

If you would like a tour of one of the Clubs, or to get involved with the Clubs in other ways, please contact the Boys & Girls Clubs Development Director, Jamie Grissom at 713-868-3426.

Dear Yolanda,

Thank you for ensuring the success of our third annual CASA Gala. The Board of Directors and staff of Child Advocates of Fort Bend appreciate your support that enables us to train volunteers who stand up for abused and neglected children in this community.

You helped make *CASA Gala Visits Italy* a great success and in turn, we enjoyed our highest returns yet. With your support as sponsors along with generous purchases in our Live and Silent Auctions, CASA Gala earned \$140,000, which comprises a significant percent of our annual budget. Your contribution as a Ruby Sponsor was integral to our success and we hope that you enjoyed the evening as much as we did. To review the fun times had by all, please visit www.fortbendbest.com and click on the CASA Gala logo.

We assure you that your investment is vital to the security of abused children in Fort Bend. In May, 313 children were touched in some way through our programs. Along with the tremendous hurt, we also had great cause for celebration. Because of the caring people in this community, Ashlyn, a little two-year old girl born severely addicted to crack cocaine, was finally adopted by a family who has literally crowned her "queen of the household." Your continued support will help our volunteers facilitate more of these happy endings.

This letter also serves as notice that the fair market value of a \$1,500.00 sponsorship was \$756.20 and your total tax deductible contribution is \$743.80.

We look forward to seeing you again as CASA Gala makes another stop on its world tour. Thank you for your time and energy. Children are a celebration of our future and together we are making a difference.

For the children's sake,
Thank you.

Dear Yolanda:

"Next in importance to freedom and justice is popular education, without which neither freedom nor justice can be permanently maintained." James A. Garfield

Thank you, from the board, staff and students of Junior Achievement, for giving your time and energy to the classroom. This has been a challenging year for many of us. Your willingness to go the extra mile and give of yourself to the students, provided nearly 164,000 students in Houston and the outlying areas, a basic knowledge of the free enterprise system.

The demand for the Junior Achievement programs continues to grow. Despite state testing and a time crunch in our schools, teachers continue to request more volunteers for their classes. They recognize the importance of the message you bring as well as the many benefits the students received from having someone like you as a role model. You are the heart and soul of Junior Achievement and the lessons you shared with your students will have a positive impact on their lives.

As we continue to work with a very diverse population, we are pleased to involve volunteers from many different industries, jobs, backgrounds, and interests in this important programs. Students see people in non-traditional careers or those who've chosen to change careers and they learn from the experience. We have community partners, parents, college students and government workers, all sharing the message that if you work toward your dreams, you can achieve them.

We thank you for having the courage to give of yourself to your students, helping them to understand the importance of an education, the importance of life-long learning, and the importance of their participation in our economic system. As we move forward, trying to give the program to more and more students, we ask that you think of others, who might be interested in being involved, and tell them about your Junior Achievement experience.

Thank you again for your time and energy and we look forward to having you in a classroom again next year.

Sincerely,

Jerry V. Mutchler
President

Dear Yolanda:

On behalf of the 5,205 children that we served last year, The Children's Assessment Center thanks you for the extensive work that WB39 and the Robert R. McCormick Foundation do to improve the lives of children in Harris County. Yolanda, we would like to take this opportunity to thank you personally for your continued support and dedication to The Center. Without community leaders like you, The Center would not be able to serve the thousands of children and families affected by child sexual abuse each year. We are sincerely grateful for the opportunity to request \$10,000 from WB39 Cares For Kids program in support of The Center's general operating expenses.

The Children's Assessment Center was established in 1991 to fulfill its mission *to protect children by providing co-housing, coordination, agency collaboration, and the use of the multi-disciplinary team approach in the prevention, assessment, investigation, referral for prosecution and treatment of child sexual abuse.* The Children's Assessment Center collaborates with sixteen partner agencies, including law enforcement entities, medical personnel, Children's Protective Services, District and county attorneys, and social service agencies to provide comprehensive services to young victims of sexual abuse and their families.

We are most appreciative of WB39 providing support to The Children's Assessment Center to continue to help us serve children in need. You are truly thoughtful and caring members of our community. If you have any questions or concerns about our proposal, please contact us at 713-986-3300. We sincerely value your time and kind consideration of our request.

On behalf of the entire UNCF family, we thank you for your support and hope we can count on you next year.

The Honorable John Culberson

Dear Congressman Culberson:

The Advertising Council, the nation's largest provider of public service communications, is pleased to inform you of the impressive support, KHWB-TV (located in your Congressional district), has given to our public service advertisements (PSAs).

In 2002, this television station donated a total of 470 spots of valuable airtime towards Ad Council PSAs. This steadfast commitment to public service allows the Ad Council to communicate critically important messages to your constituents, helping to improve their lives and communities.

The Ad Council's longstanding relationship with the media is a powerful one. Over its 60-year history, the Ad Council has leveraged the pro bono resources of the media and advertising industries to address the most pressing social issues of the day. Through generous support from our media partners, Ad Council icons and slogans are woven into the very fabric of American culture - from Smokey Bear's "Only You Can Prevent Forest Fires", McGruff the Crime Dog's "Take A Bite Out of Crime", "A Mind is a Terrible Thing To Waste", "Friends Don't Let Friends Drive Drunk" to "I am an American".

Each year, the Ad Council receives approximately \$1.3 billion in donated media for over 40 campaigns that promote awareness about high-school drop-out prevention, afterschool programs, art appreciation, family literacy, child hunger, parenting, learning disabilities, domestic violence prevention, mentoring, energy conservation, AIDS awareness, prenatal care and volunteerism.

The media also enable us to communicate messages to the public on behalf of the Federal Government, including the Department of Homeland Security, U.S. Army, Library of Congress, Department of Health and Human Services, Department of Housing and Urban Development, EPA, Department of Justice, Department of Transportation, Department of Agriculture, and Department of Defense. These Ad Council campaigns communicate vital messages such as seat belt safety, citizen preparedness, breastfeeding, community drug prevention, fair housing, childhood asthma and voting, just to name a few.

The Ad Council remains fully committed to delivering critical public service messages to all Americans, in your district and in communities nationwide. We could not accomplish this vital mission without the ongoing generosity of stations like KHWB. Please join us in commending KHWB for its continuing support to improve the lives of your constituents and our nation. Should you have any questions regarding this station's noteworthy contributions, please have your office call Kate Emanuel, Vice President of Government Relations at (202) 331-4152.

Dear Mr. Ehlmann:

I wanted to take the opportunity to thank you for your invaluable support for the Ad Council's public service advertising campaigns. Once again, your station, KHWB, has demonstrated your outstanding commitment to improve the lives of your viewers. By donating valuable airtime to a variety of pressing social issues, you have distinguished your station as an active and caring resource for your community.

Because of your generosity, we are proud to report that in 2002, the Ad Council received approximately \$1.3 billion in donated media for over 40 campaigns.

Due to your support, we were able to help:

- prevent high-school drop-out, child abuse, drunk driving and domestic violence;
- promote art appreciation, afterschool programs, mentoring, recycling and historic preservation;
- raise awareness about stroke, colon cancer, childhood asthma and learning disabilities;
- confront fair housing and racial discrimination, and the global AIDS epidemic.

The Ad Council remains committed to tackling these complex social issues by producing effective, timely, vetted and quality public service messages for your viewers and Americans nationwide. We know these campaigns have made a difference in people's lives and their communities. However, we could not accomplish this without you and the generosity of your esteemed colleagues in the media.

That is why we believe it is so important to recognize your steadfast commitment to public service advertising. Enclosed please find a copy of a letter we sent to Congressman John Culberson, which highlights your support of the Ad Council's campaigns in calendar year 2002 (this data is obtained from Nielsen's SIGMA reports).

We look forward to working with you to continue to deliver these life-saving messages to the American people. In addition, the Ad Council is very excited to work with you on our new initiatives, which include recognizing the signs of a stroke, healthy lifestyles, underage drinking, foster care adoption, secondhand smoke, and blood donation.

Thank you for making a difference in the lives of your viewers.

Sincerely,

Dear Public Service Director,

It is with enormous gratitude that we write to thank you for your station's support of our 2002-2003 public service announcement, "Corner." On behalf of all of us at the Al-Anon Family Group Headquarters, Inc. and the families and friends of alcoholics whom we serve, please know that your broadcasts of our PSAs have made a difference.

In the past year, we have seen an increase in the number of stations and airplays of our PSAs, and a corresponding increase in the number of phone calls to our toll-free meeting information number (1-888-4AL-ANON or 1-888-425-2666). Our operators provide meeting information for callers from throughout the United States and Canada. We appreciate your participation in helping us to carry our message to those who still suffer.

For over 52 years Al-Anon Family Groups have been offering hope and support to those who are impacted by another person's drinking. We do not seek outside funding, and have no dues or fees. Our only purpose is to help families and friends of alcoholics. Most communities have Al-Anon (and Alateen for younger members) groups; all are maintained by Al-Anon volunteers. It is through the support of community-minded organizations, such as your station, that we are able to make the public aware of our fellowship and the support it can offer.

Again, it is with sincere gratitude that we say "thank you" for airing our "Corner" PSA. We will continue to provide you with quality public service announcements, and hope that you will continue to air them. We are delighted to include your station in our Al-Anon "family."

Dear Yolanda:

Bless your heart, what a joy it is to work with you! You do such a nice job, and we were honored to work with you in taping "Outlook Houston" on September 4 for airing on Sunday, September 7. Working with you and Regina is always enjoyable, and we deeply appreciate you allowing us to get the message out about the need for blood, the ease of donating, and the strong support by our great Houston Texans team!

Patient usage in this region continues to rise dramatically - - about 2,000 units of blood components (red blood cells, platelets, plasma, etc.) are used each and every day by these patients, and over 800 individual donations are needed to meet that need. With support like you and The Texans provide, these patients will have this badly needed, lifesaving blood.

Please relay our thanks to all those involved in getting this program on the air. It was good to see an old friend, Fred Schultze. We've enjoyed working with him for many years, and he's a fine asset to your organization.

Yolanda, thank you again for your continued support. I'm especially grateful for how well you work with Mary Hall-Richards and we look forward to working with you.

Dear Yolanda:

On behalf of Memorial Hermann Memorial City Hospital Cancer Services, please accept my sincere thanks to you and the WB-Channel 39 for helping make our 2003 Fleishman Family Festival a great success.

We were especially pleased to coordinate this year's event with the opening of the new hospital tower building, which allowed us to promote our new services while reaching a large number of community members in an educational and entertaining medium. There were far more exhibits, consultations, screenings and activities this year, providing an opportunity for people of all ages to learn about important health, wellness, and safety issues. Your gracious promotion of our event on Outlook Houston was very much appreciated. And of course, your valuable time and that of your associates in coming out to our event with the WB39 mascots means more than I can express. I simply can't imagine our festival without you, and thank you again for your support and participation. Enclosed is a T-shirt and photographs which I hope you will enjoy! If you would be so kind as to give a copy to Ms. Pat Smith, I would appreciate it.

Memorial Hermann Memorial City Hospital strives to play an important role in helping promote good health in our community. I look forward to working with you on such projects again in the future. Also, I would appreciate any suggestions you may have regarding how we might improve for next year's event.

Dear Ms. Green:

On behalf of VOLUNTEER HOUSTON we would like to thank you for the generous donation of \$10,000.00 made by **WB39 Cares for Kids** to "**A Visit From Saint Nicholas**" project. Your donation will help cover the cost of purchasing a school backpack filled with toys for 12,000 Houston area underprivileged children on December 6, 2003.

Dear Yolanda:

On behalf of the staff, board and members of the Boys & Girls Clubs of Greater Houston, I would like to express my sincere gratitude to you, Anna LauBach and the Board of Directors for the McCormick Tribune Foundation for their generous grant of \$182,000 from the WB39 Cares for Kids fund. The grant will go towards the operational support of our programs that are designed to address today's most pressing youth issues. With your help, we can provide our youth with additional means to succeed in school and ultimately in life.

For over fifty years, the Boys & Girls Clubs of Greater Houston has been in the forefront of youth development, working with young people from disadvantaged economic, social and family circumstances. Together with your support, our community's youth have greater access to quality programs and services that will enhance their lives and shape their futures.

We are truly appreciative of your support and sincerely thank you for your continued commitment to our organization and your dedication to our city.

Sincerely,

Dear Yolanda and WB39 friends:

Christmas came early to Boys and Girls Country! Thank you so much for your gift of staples, canned goods, paper products, light bulbs, and over-the-counter medications – a box truck full! Each year you continue to amaze us with the magnitude of your generosity – what a blessing you are to our kids and thank heavens for your competitive spirit!

Thank you, also, for letting me share a little about Boys and Girls Country, as well as Girmay's story. Each and every one of you at WB39 is part of the big family that helps raise Girmay and all the other children living at our Home, and we are grateful for your support.

Thank you and God bless you during the holidays.

P.O. Box 2222
Houston, TX 77252

Dear Nancy,

This letter is to thank you for your show of support for the Houston Humane Society and for the work we do on behalf of the animals and the people of our community. We are well aware of your Sunday morning adoption showcase and the great service it provides to homeless pets. I ask that you take into consideration sharing that spot by letting the Houston Humane Society come in and showcase our adoptable animals. This will bring much needed awareness to the organization and help us to find the loving homes our pets deserve. Your showcase plays a great role in our community and it would be a huge shot in the arm for the Houston Humane Society. You will never have to worry or question whether you will have sweet, clean, loving pets to showcase. We will give you nothing less. With your help we will put the spotlight on these deserving animals and all the wonderful programs carried out under the Houston Humane Society's banner.

As you know the Houston Humane Society is the number one ranked animal welfare agency in the region. It is time to let the rest of Houston in on this little secret. We hope you will let us partner with you for this very important showcase. We value everything you do for us, and the chance at becoming the charity of choice for your Sunday showcase carries a value that goes way beyond monetary.

Just as our supporters trust us to put their donations to use for the animals, you too can trust us to value and care for the partnership we have begun with you. We are grateful for the caring individuals within your team and for your desire to help Houston's hidden treasure, the Houston Humane Society.

We appreciate your support and look forward to a successful working relationship for KPRC, for the Houston Humane Society and most importantly, for the animals. I look forward to hearing from you.

Dear Tonja:

Bless your heart, you really are a special lady! As we said in our brief e-mail, the June 23-24, 2003 "11th Annual Channel 2 Blood Drive" set an all-time record of about 1,021 donations. This far exceeds last year's total of 743 for the drive, and we believe one of the key catalyst in this year's success was the segment you did from The Blood Center Headquarters on La Concha Monday morning, June 23. Many, many donors referenced "cut ins" and interviews you did during that segment as the reason for them donating.

We were especially impressed with your enthusiastic approach and sincere dedication to helping patients. It was obvious this was more than "just a job" for you, and having been in this profession for 44 of my almost 66 years, I love to see someone enthusiastic about helping these poor patients who so badly need this lifesaving stuff we call "blood."

We also owe a special thanks to Bill Sargent and Wendel Johnson for their outstanding support of your efforts. Making last minute changes due to unexpected events in the truck, juggling cameras and wires around staff and donors without interfering with The Blood Center operation were all difficult challenges for them, but we appreciate their efforts.

You and everyone at Channel 2 can be extremely proud of the outstanding support you provide patients through this unique service, and we are truly blessed to work with you. You're great folks, patients are most fortunate to have your support, and we wish you and the station continued success! Give our regards to your family.

Best personal regards,

Bill

MEMORANDUM

TO: Gasia Mikaelian
Wes Hohenstein

FROM: Bill T. Teague *Bill*

SUBJECT: Special Segment at Blood Drive
June 23, 2003

DATE: June 27, 2003

You folks did a tremendous job in Channel 2's "11th Annual Blood Drive" on June 23-24! The results of your individual and the station's collective efforts produced about 1,021 units of blood this year, setting an all-time record and blowing away last year's 743 unit total! Congratulations!

We were impressed with your sincerity about the need for people to support patients through voluntary blood donations, and it was obvious to your viewers that this was more than "just a job" for you. Patients are blessed to have this type of support, and you and everyone at Channel 2 can be justifiably proud of your efforts and the support you provide these patients.

Patients in the 200 healthcare facilities served by The Blood Center use about 2,000 units of blood and blood components each and every day of the year - - that's about 700,000 units a year. With the short shelf life of blood (red blood cells 42 days and platelets 5 days), donated blood doesn't last very long, and it takes about 800 individual blood donations daily to make these components (red blood cells, platelets, plasma, etc.) available.

Your blood drive was strategically positioned just prior to July 4 which is typically when patients require unusually large amounts of blood. We appreciate that timing.

We also owe a special thanks to the "behind the scenes" folks (Andy, Carlos, Rusty) who helped make it all happen. Their support of your efforts was most evident and sincerely appreciated.

Additionally, we thought Brian did a great job of putting the whole segment together. We thought it was a nice blend of informative material about the donation process, the need, and the easy access people had to donor sites plus heartwarming "real life" stories about people who were alive today because blood was available when they needed it. The real message here is that there is no substitute for blood - - if it's not

available when patients need it, the patient dies! Brian did a great job of formulating these messages into a package that had a powerful impact on viewers, and you folks delivered the message magnificently!

On behalf of the patients who are the direct beneficiaries of your generous support, we offer our hearty thanks, sincere congratulations and deep appreciation. It continues to be an honor and a blessing working with you, and we wish you and the station continued success.

As chairman of the recent Houston Northwest Chamber of Commerce "Salute To Law Enforcement" event, I want to personally thank you for providing an officer(s) and/or exhibit(s). Your participation and exhibit was very impressive, appreciated and helped make the event a tremendous success.

Please extend my thanks to all of your personnel who participated. Your officers were knowledgeable, personable, professional and represented your agency to the public in a very positive manner.

Enclosed you will find photos from this year's event and a certificate for your agency. If your officer(s) or participants signed in at the event, I have also included an individual certificate for them.

I hope you will forward a copy of this thank you letter to the officer(s) and place a copy of it in his or her personnel file.

The Houston Northwest Chamber of Commerce Board of Directors was very impressed by the exhibits and community response and again suggested that the chamber's Crime Awareness Committee continue to make this an annual event.

Since this event always coincides with National Police Week activities, please mark Saturday, May 15, 2004 on your departmental calendar. I will contact you early next year with a reminder letter and request your participation at our 10th annual event.

Thank you again for your assistance, attendance, and participation. I truly believe that community involvement and cooperative efforts between law enforcement agencies is a key to effective crime prevention, the reduction of crime in our society, and the positive representation our profession deserves.

If I can ever assist you or your agency please contact me.

Mr. Wasserman,

Just a brief note with a very big thank you to KPRC for airing the PSA's for CanCare over the past few weeks. I am sure these spots helped us to highlight the National Cancer Survivor's day event which was held last Sunday and so beautifully MCed by your elegant and articulate Ms. Lorelle. She is a KPRC treasure that we are so lucky to have supporting our organization.

Should you find that any of your family, friends or staff are facing a battle with cancer, please know that CanCare is there to offer our support and to offer that individual, and their family members, a trained volunteer that can support them during what can be a very trying time in their life.

Again, a sincere thank you to you, Ms. Lorelle and to KPRC.

Ms. Shafron,

The Channel 2 News helicopter visiting Spring Oaks Middle School on May 20th was a resounding success. Thank you for granting your pilots permission to land and spend time with us.

Your pilot, Ed Malanowski, spent his entire day off presenting the use of mathematics in aviation to seventh grade students. He even ate lunch with the students in the school cafeteria! He's a real trooper. This was an extremely generous donation of his personal time. Ed is very passionate about his profession and eager to share his knowledge with others. He is a great ambassador for Channel 2 News and represents you proudly.

Your pilot Frank, and video reporter Fernando were also very generous to the students and eager to show their skills and answer questions while they were on campus. They too showed a genuine interest in connecting with the students.

Thank you for supporting these efforts in education. Our students come from many varied backgrounds, mostly in the lower socioeconomic levels. This experience was truly memorable and inspiring for them.
